GENERAL PASSENGER INFORMATION

SCHEDULES—TWE reserves the right to cancel or change schedules without notice. Safety is our primary consideration. Schedules shown are based on expected flying times. Because weather and other factors may affect operating conditions, departures and arrivals cannot be guaranteed.

RESERVATIONS—Domestic Rsvs: 800-221-2000; Int'l Rsvns: 800-892-4141

PASSENGER REFUNDS—Submit requests for refunds of unused flight coupons to: Trans World Airlines, P.O. Box 20364, Kansas City, MO 64195

SEAT ASSIGNMENT—TWE offers advance seat selection on all flights up to 11 months prior to departure, and advance check-in Airport Express boarding passes, upon request, within one month of your departure date. Advance selection seats are subject to cancellation if not claimed at least 30 minutes prior to scheduled departure time.

CHECK-IN TIME—Please arrive at the airport at least 45 minutes (60 minutes for Puerto Rico and international flights) prior to scheduled departure time. Check with reservations for specific check-in time for your departure city. After having checked-in for the flight, passengers must present themselves at the aircraft loading gate for boarding at least 10 minutes (20 minutes for international flights) before scheduled departure time or your reservation and seat assignment will be subject to cancellation.

FARES

Discount Fares—TWE offers many promotional fares throughout its system with discounts ranging up to 70%. These fares generally have conditions associated with them requiring advance reservation/ticketing and minimum/maximum stay limitations and are subject to a service charge of up to 100% when changes or cancellations occur after the tickets have been issued. Seats at these fares are limited, and it is always best to make your reservations and purchase your tickets as early as possible. This will ensure that you have widest availability of departure times and dates.

Flight number 7750 to 7949 are operated by Metro Air Northeast.

Carry On Baggage—TWE has Carry-on Baggage Program approved by the U.S. FAA. All carry-on baggage must be properly stowed prior to the cabin door being closed. Directions of the flight crew must be followed. The maximum number of carry-on pieces is one (1). High load factors and different types of aircraft may limit the number of carry-on bags further. In no case may the number of checked and carry-on bags exceed tariff limitations.

Baggage Identification—All checked baggage must bear a name identification on the exterior of the bag or package. Identification tags are provided free by TWE. We also suggest that your name and address be placed inside the baggage.
