Midway Airlines. The Newest Jet Fleet of Any Air Carrier.

At Midway, we are proud to fly all new Fokker 100 aircraft. Our new jets are powered by highly reliable Rolls-Royce Tay turbofan engines. The result is a fleet of jet airplanes that averages less than a year old—one as quiet, clean and fuel efficient as any in the sky—flown by seasoned professionals who understand its every capability.

The Perfect Plane is Only the Start of the Perfect Flight.

Our Fokker 100s and Rolls-Royce engines give Midway Airlines the quietest cabin of any passenger jet in its class. And while all our high technology is nice, the way we look at it Midway Airlines isn't about flying planes—it's about flying people. And we've designed our cabin and service for maximum passenger comfort. Every seat in a Midway Airlines

plane is extra-wide, all-leather with extra legroom, to give you room to work and room to relax. Hanging bag storage and the most overhead bin space for each passenger found on any airliner, work together to reserve underseat areas for more legroom. You can count on healthier meals, snacks and gourmet coffee and we'll refresh you with a hot towel and breath mint at the end of every flight. And beginning June 15th, Midway will have first class cabins on all jets. The relaxed flying experience is Midway's alone. All at surprisingly reasonable fares.
