**Facts About MVA**

Mississippi Valley Airlines is one of nearly 100 Commuter Air Carriers, which are engaged in the transportation of passengers, freight and mail, and serve as the Third Level carrier in the National Air Transportation System. By definition, commuters are air carriers providing passenger, freight and mail services with at least five round trips per week between two or more points, is registered with the Civil Aeronautics Board and meets all qualifications required by the CAB to operate under Part 298 providing certain economic exemptions while operating aircraft carrying 30 passengers or less and having a payload of 7500 pounds or less.

The Scheduled Commuters carried more passengers last year than all regional airlines carried in 1957, in fact over 6,000,000 passengers will be carried during 1973.

Mississippi Valley inaugurated service on October 30, 1969. Traffic has increased from 700 passengers the first month to a current level of 3500 per month. In keeping with its policy of providing each passenger the full range of services expected of

any airline, MVA has constantly strived to improve both equipment and personal service. Pilots and ground personnel alike must meet the same stringent requirements of the Major Air Carriers. Pilots are Airline Transport rated and have in excess of 5,000 hours average experience.

On June 24, 1973 the Company inaugurated service with a new 300 MPH pressurized METROLINER built by Swearingen Aviation of San Antonio, Texas. This aircraft is the most modern available to the Commuter Industry. Passengers will enjoy the same benefits of flight as on aircraft used by the larger airlines. On July 1, 1973 MVA improved reservation service through the implementation of a computer reservation system leased from Braniff Airlines. This system gives MVA customers instantaneous reservation service.

Your support is greatly appreciated. We will continue to look for ways to improve our service even more to help you, our customer, to have the most enjoyable experience possible with us.
