Ozark's morning flight 102 from St. Louis to Milwaukee with intermediate stops — and connecting service to Chicago — effective March 1st leaves St. Louis at 7:00 a.m. — 15 minutes earlier. This change was made to provide a better interline connection at Moline-Davenport with United Airlines west bound flight 309, leaving at 9:15 a.m. for Cedar Rapids, Des Moines, Omaha, Denver, Salt Lake City and San Francisco. This is the only change in Ozark's schedules from those in effect since the first of the year.

During 1953 Ozark exchanged almost 64,000 passengers with other airlines, 51% of the 125,000 passengers that used Ozark's service.

Whenever possible Ozark arranges its schedules to provide connecting service with trunk airlines, and we specialize in handling reservations with these airlines. Last year Ozark made reservations and ticketed 19,851 passengers for trunk and international airlines, turning over to these airlines \$913,526 in passenger revenue.

A request through Ozark for your airline reservation to any spot in the world is always handled with special attention, and you are always routed by the connecting airline that provides the most convenient and best service.
