# Going places... FAST!

**Embraer's BANDEIRANTE,  
Our new 19-passenger  
turboprop!**

## **Better Times . . .**

More flights at more convenient times is the scheduling philosophy of commuter airlines. A new breed of faster commuter aircraft enable the commuter airlines to turn this philosophy into reality.

## **More Flights . . .**

A greater frequency of flights is a major advantage that a commuter airline can offer a community. This greater frequency of flights can actually generate more passenger boardings at your airport.

## **Friendly Service . . .**

Convenient schedules may get you to try our airline, but we know only friendly service will keep you coming back. Every passenger, every community, every route segment is important to us.

We'll be part of your community . . . listen to your air transportation needs, . . . work with your Chamber of Commerce to promote your area in our other markets, . . . we'll be friends with the best connections!

**Fast & Friendly**

## **Plans change . . .**

### **Don't be a "NO-SHOW"!**

Please, cancel your reservations if your plans change, or you cannot use them for any reason. Use our TOLL FREE number.

Give your confirmed seat to a fellow passenger. We do not intentionally overbook our flights and our no-show factor is approaching 25% on peak period flights.

There are many passengers desiring that confirmed seat that you cannot use. Please call and cancel as early as possible; but even the same day if necessary.
