TEXAS INTERNATIONAL TRAVEL TIPS

SCHEDULES AND FARES: All schedules and fares shown are for information purposes only, and are subject to change without notice. Certain flights and fares may not be available during holiday periods, so please confirm actual departure times and fares when making reservations.

Schedules are based on normal flying times. Because weather and other factors sometimes affect operating conditions, no airline can guarantee or accept liability for delays in flight arrivals or departures, or for missed connections. In the event of delays, we will work to minimize any inconvenience to you.

Fares are based on Texas International tariffs on file with the Civil Aeronautics Board and other applicable government authorities. All transportation is sold subject to these tariffs. The fares shown in this timetable are available to passengers traveling only between the origin and destination cities shown and may not, under certain circumstances, be available to passengers continuing their journey beyond those points. Certain reduced fares may be available only for a limited number of seats on a particular flight. In addition, certain fares restrict the validity of tickets and also the dates on which return journeys may be made. For further details about Texas International's regular and special fares, contact Texas International Reservations, your travel agent, or obtain a copy of Texas International's Fare Summary which is available at most ticketing locations.

Advance Reservations are recommended, and may be obtained by contacting Texas International Reservations or your travel agent.

Check-In Time. Passengers purchasing tickets at the airport should do so at least 30 minutes prior to scheduled departure. Ticketed passengers should be at the check-in point at least 20 minutes before departure. Reservations may be cancelled if the passenger has not checked in 10 minutes before scheduled departure time. For travel to/from Mexico, reservations may be cancelled if the passenger has not checked in 30 minutes before scheduled departure time.

Connections — At least 30 minutes are usually required to make flight connections to other carriers at major airports. Connections from one Texas International flight to another may require less time. For information and reservations on flights of other airlines connecting to and from Texas International's services, our Reservations Office maintains schedules of other airlines and will assist you in planning your flights.

Beverage and Meal Service will be served when appropriate. Meals are not usually available to passengers traveling on Economy or Peanuts Fares.

International Travel — Passengers requiring tickets or other travel documents are asked to check in at least 60 minutes before departure time. Ticketed passengers must arrive at the airport sufficiently in advance of flight departure to permit completion of government formalities and departure procedures.

Reconfirm Your Reservation — International passengers who break an air journey for more than 72 hours at any point must reconfirm onward or return reservations. To do so, please contact the airline's reservations office at the point where you will be resuming your journey at least 24 hours before the departure of your flight; state your definite intention to use your reservations, and give your local address and telephone number. Failure to reconfirm will result in the cancellation of your reservations.

Baggage Liability Limitations — Texas International takes pride in the careful handling of your baggage. In the event of loss or damage, carrier liability is limited to an amount equal to the value of the lost or damaged property. For domestic travel, carrier liability will not exceed $750.00 per fare-paying passenger. For International travel, liability will not exceed $9.07 per pound for checked baggage and $400.00 for unchecked baggage per fare-paying passenger. A higher valuation may be declared and additional charges paid in advance. Certain fragile or perishable items are carried at the passenger's risk. Your Texas International Representative will be happy to assist you with details at the time you check in for your flight.

Restricted Articles. Articles such as flammable liquids, corrosives, compressed gasses, or matches should not be placed in baggage.

Federal Aviation Regulations limit the carriage of compressed gasses in aerosol cans, such as hairsprays, shaving cream, and deodorants to 32 ounces per passenger with a maximum of 16 ounces per container.
