United Airlines cargo schedules may not be included in this issue of "Our Friendly Times" as all United aircraft carry some cargo. If you desire specific cargo information, please complete and return this form. A schedule publication devoted entirely to jet cargo liners and cargo-carrying wide body (B-747 or DC-10) aircraft, will be mailed to you regularly, free of charge.

This Air Cargo Timetable contains all direct and connecting cargo liners and wide body schedules in alphabetical, city-pair order and also indicates TRUCK CONNECTIONS to and from jet cargo liners. All United Airlines air freight telephone numbers are listed for handy reference. A cargo liner route map, and a listing of all United foreign offices are also included for your information and use.

"APOLLO ONE CALL" SERVICE — IMPORTANT NEW TRAVEL FEATURE

United's new "Apollo One Call" service now offers our customers instant confirmation of hotel accommodations at the same time they make flight reservations.

This new service extends to 2,675 hotels with a total of 460,000 rooms and includes these participating hotel companies — Holiday Inns, Howard Johnson's, Hyatt, Ramada Inns, Sheraton, and Western International.

These added services for travelers are based on expanded capabilities of United's Apollo Reservations and Information System. In addition to passengers, travel agents and corporate travel planners can now take care of all arrangements for a trip (air, hotel and car) with one phone call to the nearest United reservations office.

For some time United has had Apollo auto reservations agreements with Avis, Budget, Dollar and Hertz car rental companies. "Apollo One Call" is used by more than 8,000 United reservations and ticketing personnel in actively selling accommodations at hotels. The hotel reservations service is available at 113 cities where United boards an average of 85,000 passengers daily, and also at United's 12 reservations centers which receive an average of 142,000 calls daily.

Here's how the Apollo Hotel System works. . .

Each time an airline seat is sold to a city where a subscribing hotel is located, the computer automatically responds with "OFFER HOTEL/CAR," a constant reminder to offer the traveler hotel accommodations.

The computer will answer questions about a specific hotel — types of transportation from the airport, charges for an extra bed or crib, types of credit cards accepted, room rates, taxes and other basic information.

The computer stores availability for 331 days. Status messages are sent regularly by subscribing hotels directly to Apollo for continuous updating of room availability.

Once a hotel room is sold from the Apollo Hotel System, a message including the passenger's name, arrival and flight times, hotel confirmed and number of nights, rates and other specified information is sent to the hotel. Changes and cancellations also cause an appropriate message to be generated.

The Apollo Hotel System is stored in United's exclusive Reservations and Information System, "Apollo." It aids in itinerary planning, schedules air travel and arranges car rentals.

Travel agents and corporate travel arrangers responsible for multiple travel arrangements will appreciate the speed, accuracy, reliability and up-to-the-minute programming of "Apollo One Call."

The friendly skies of your land.
