BAGGAGE

Baggage Liability — Passenger name identification must be placed on the outside of all checked baggage. Baggage identification labels are available from United at no cost. Liability for baggage between points in the U.S. will not exceed \$750.00 unless you declare a higher valuation and pay a slight extra charge. Excess valuation cannot be declared for certain checked valuable items such as jewelry, negotiable instruments, currency and antiques. Excess Baggage — Baggage in excess of the free baggage allowance, up to and including four pieces, will be charged a standard excess fee of \$8.00. Excess baggage exceeding these four pieces will be charged four times the applicable excess baggage rate. Overweight or oversize baggage is subject to special charges as are the following special items listed below. These items are subject to the special charges regardless of the total baggage carried.

Bicycles—\$16 Scuba Gear—\$8.00 Surfboards—\$16.00
Household Pets—\$21.00 per carry-on container or
\$24.00 per checked container

Free Baggage Allowance — (Per passenger) 1 piece of baggage with linear dimensions (length + height + width) not exceeding 62 inches, plus 1 piece of baggage with linear dimensions not exceeding 55 inches. Class of Service — On United, you can fly First Class, Coach, or—on certain routes—Economy. First Class gives you spacious seating comfort and—time permitting—our most luxurious personalized service: complimentary cocktails, gourmet dining, and a variety of other amenities. Coach seating is comfortable but more compact and meals are hot, delicious, satisfying. Economy offers the same comfortable seating as Coach, without meals and including coffee, tea and soft drinks. Liquors, wines, etc. are available at a nominal charge in both Coach and Economy. All these services include the friendly hospitality of United's dedicated employees.

Electronic Devices — Federal Aviation regulations prohibit inflight operation of electronic devices other than portable dictation recorders, electronic calculators and games, electronic watches, hearing aids, heart pacemakers and electric shavers. Other electronic devices (including AM and FM transmitters and receivers, portable telephones and remote controlled toys) may interfere with communication and navigation systems on the airplane and are therefore prohibited.

DENVER

United's Passenger Terminal at Stapleton International Airport

Denver has figured importantly in United Airlines' route structure ever since the days of the Boeing biplanes. Its importance is greater today than ever before and still growing. This issue of our system timetable lists 140 departures from Denver's Stapleton airport, serving 57 destinations all over the U.S.A.

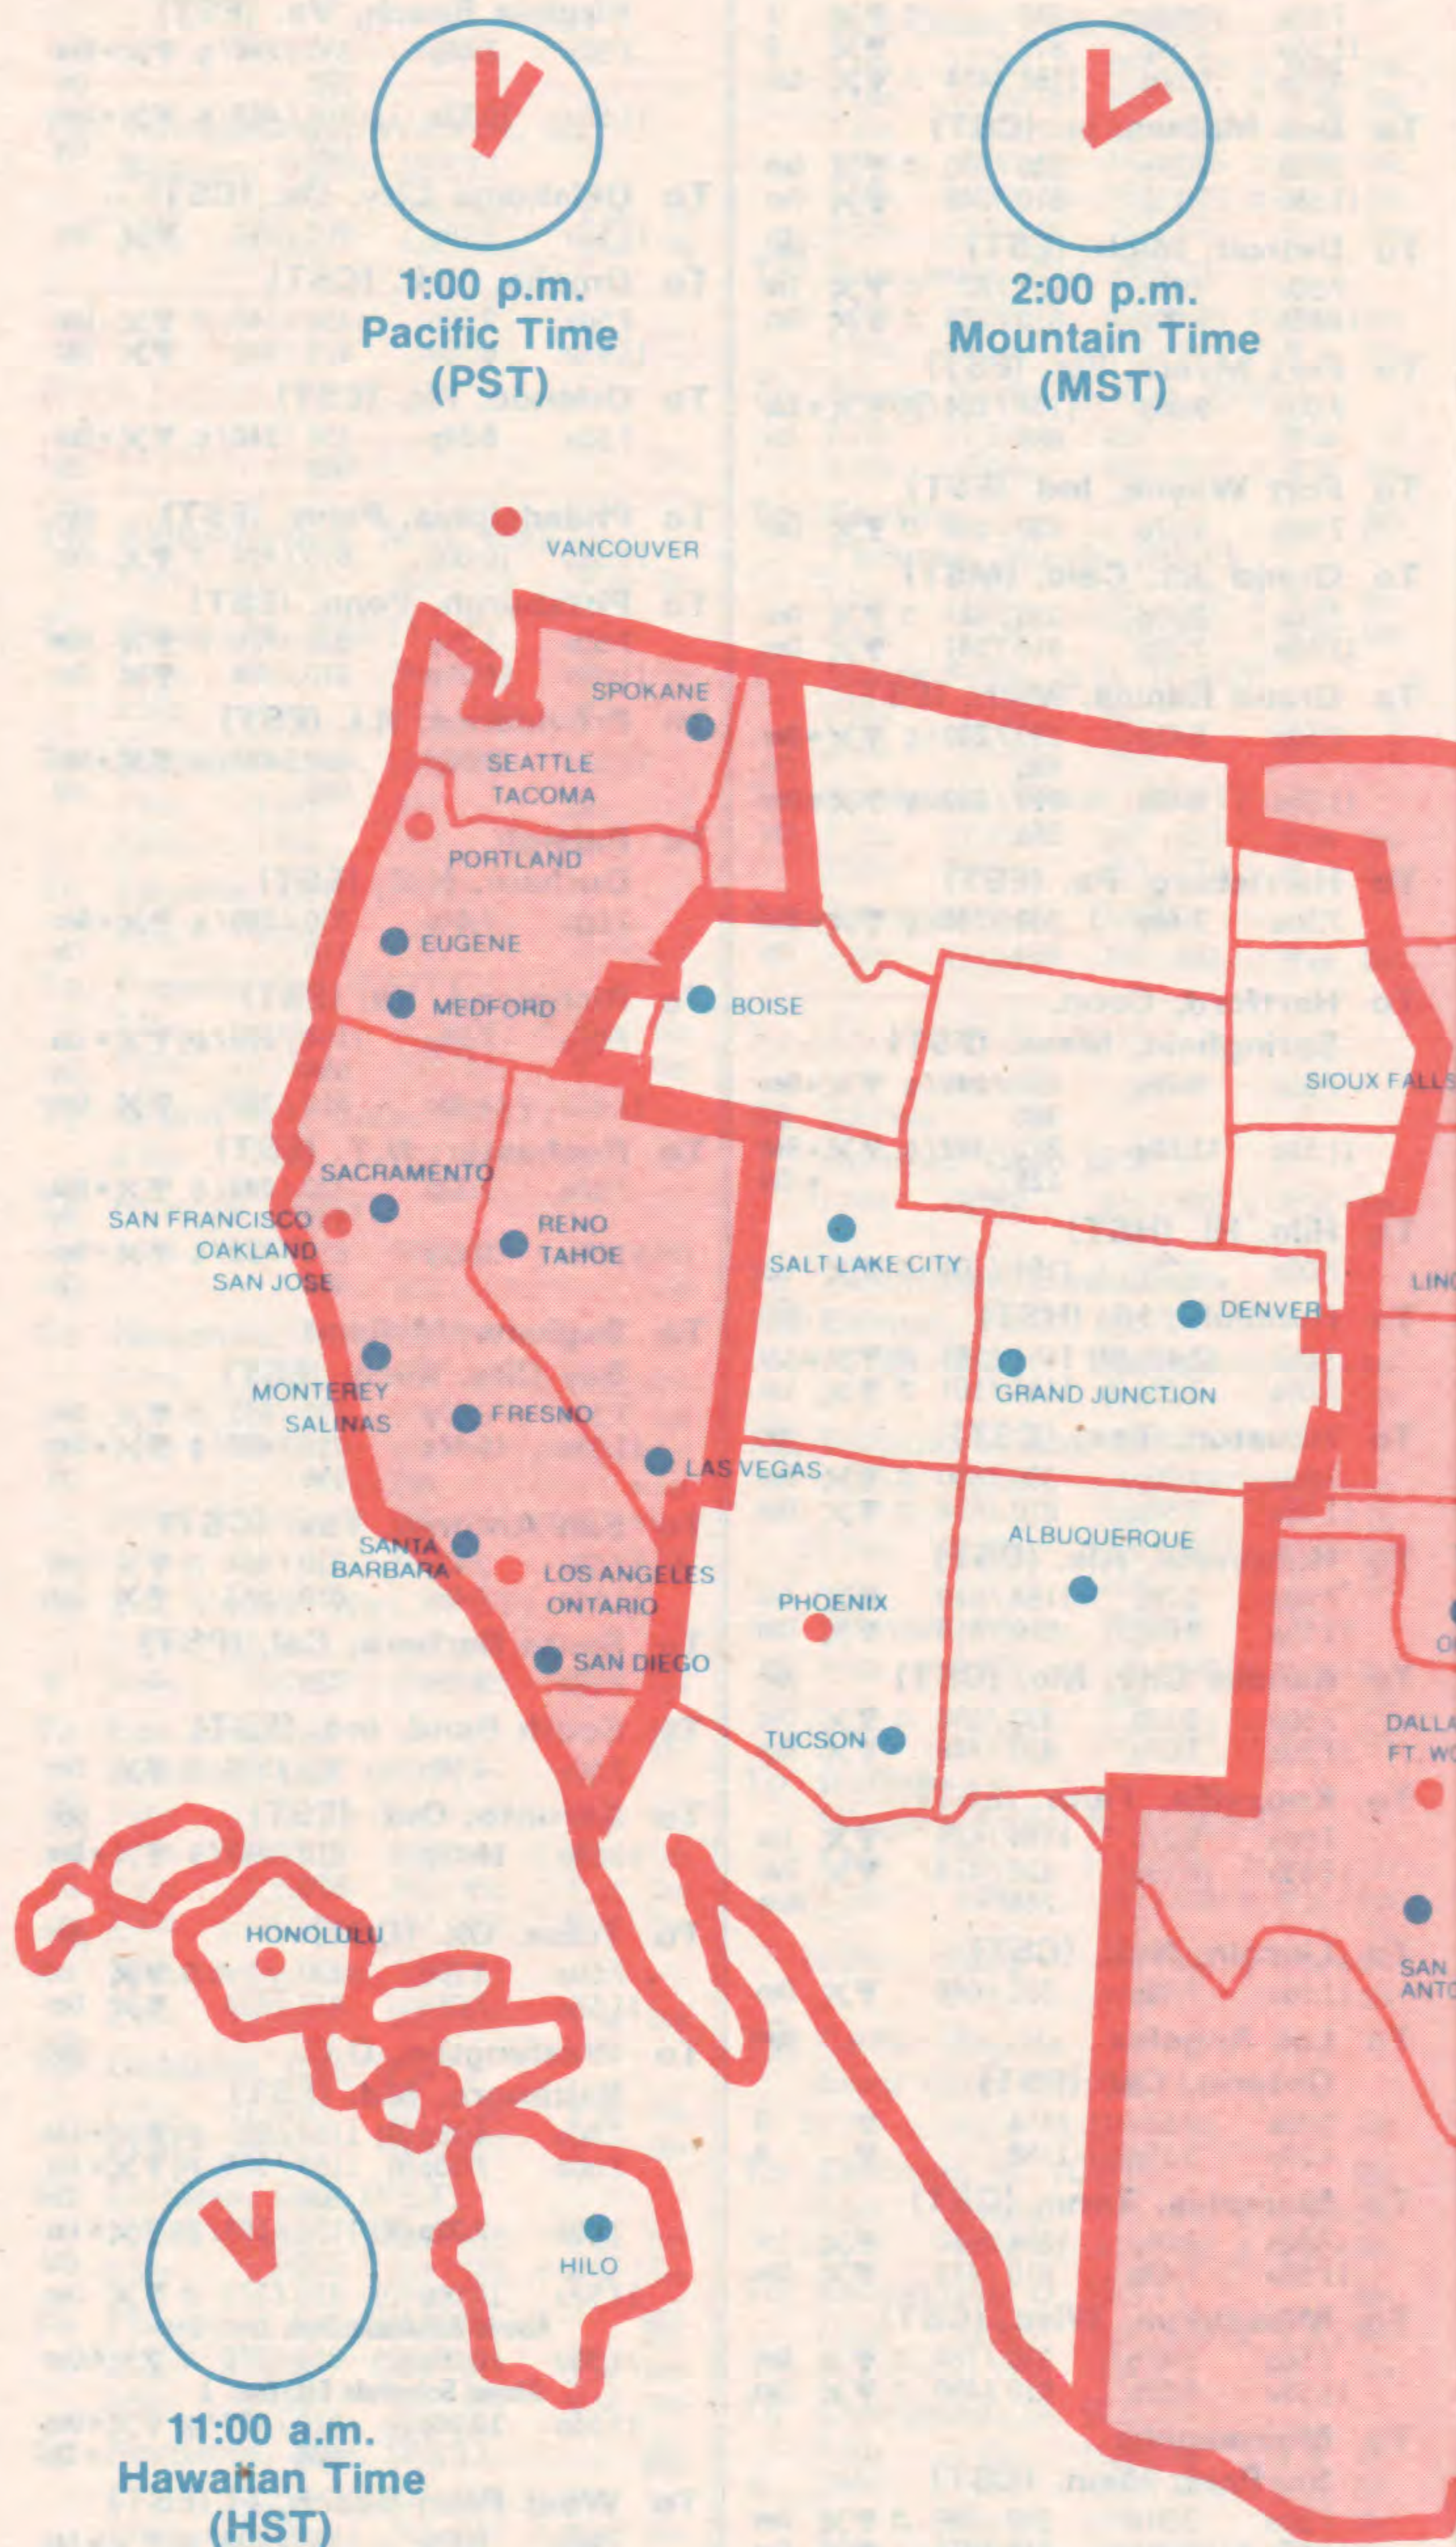

When we say, "United's High on Denver!" we mean it. As Denver's largest airline, United offers more service to Denver travelers and better connections to passengers from other cities who are going beyond the Mile-High City. Already this year we've served two-and-a-half million people at United's Denver terminal. A growing number are connecting passengers and a good reason for this is that we've scheduled our flights to offer the best possible combination of arrivals and departures. Among experienced travelers, Denver is rapidly gaining popularity as a convenient connecting hub.

United flies nonstop between Denver and the East Coast, the Midwest, the Great Lakes, the Plains, the Southeast and virtually the entire West Coast, from San Diego to Seattle/Tacoma. Most recently, United has entered the Southwest, flying nonstop from Denver to Dallas/Ft. Worth, Houston, San Antonio, Phoenix, Tucson and Albuquerque.

We also offer excellent service to Honolulu. Although destinations and convenient schedules are essential elements in United's service, amenities are of great importance also . . . especially to those who fly frequently. United offers First Class and Coach service on most flights, as well as excellent meals, advance round-trip check-in and seat assignment, and the services of a full staff of experienced professionals, people who are fully committed to making your flight on United everything it should be.

Now — with the approach of what may be the biggest and best ski season ever — Denver becomes gateway to some of the best and most varied slopes and resorts in the world. Vail, Aspen, Breckenridge, Copper Mountain, Crested Butte, Keystone, Snowmass and Winter Park are all within reach. Besides skierized rental cars, there are connecting airlines, frequent busses and — to some areas — special limo/van service. If you'd like to know more about United's ski packages in Colorado and the rest of the West, ask your Travel Agent or a United Sales office for a copy of the United Skiers' Dreambook.

On the following page you'll find a handy map of United's new terminal facility. Whether you're flying to the Mile-High City for pleasure, on business, or as a convenient connecting point, the United people at Stapleton International Airport will be looking forward to serving you.

CHICAGO

United's Passenger Terminal at O'Hare International Airport

Chicago's O'Hare is the busiest airport in the world. Through August of this year, upwards of 24 million people have departed from its passenger terminals, bound for cities all around the world. The 47 domestic airlines that serve Chicago through O'Hare can fly you virtually anywhere in the world.

United Airlines operates approximately 200 flights a day from O'Hare. They fly nonstop to 64 cities, including Honolulu; Vancouver and Toronto in Canada; and Cancun in Mexico. And we are eagerly looking forward to next spring, when United inaugurates service to one of the world's greatest cities: Tokyo. Our 747 will depart from Chicago, stop at Seattle/Tacoma, then fly on to Tokyo's Narita Airport. We call our new service, "Royal Pacific," and it will be everything the name implies, "the ultimate in long-range comfort."

United's schedules are carefully keyed around selected "hub" airports. By far the largest and most vital of these is O'Hare. Our flights are scheduled to come and go in "banks" thereby providing our passengers with the best possible choice of connecting flights with minimum wait on the ground.

Since January 1 of this year, United has boarded more than four million passengers at the O'Hare terminal. Of these, more than half were transferring from one flight to another. Filling the needs of all those travelers (more than 20,000 some days) presents a huge workload. Besides the pilots, flight attendants, and public contact agents that travelers normally encounter, a huge complement of United people work "backstage", preparing cabins, loading baggage, maintaining and servicing aircraft and ground equipment, dispatching flights, coordinating crews and preparing meals. Altogether, United employs 5300 ground personnel at O'Hare.

In addition to the passenger terminal, United operates two flight kitchens (one for regular jet aircraft, one for widebody jets), an aircraft maintenance center, and an automated air freight terminal.

The map of United's main terminal and Y-shaped passenger concourse (preceding page) shows locations of passenger boarding gates, restrooms, other passenger facilities and — for those with special needs — our Friendship Service Center.

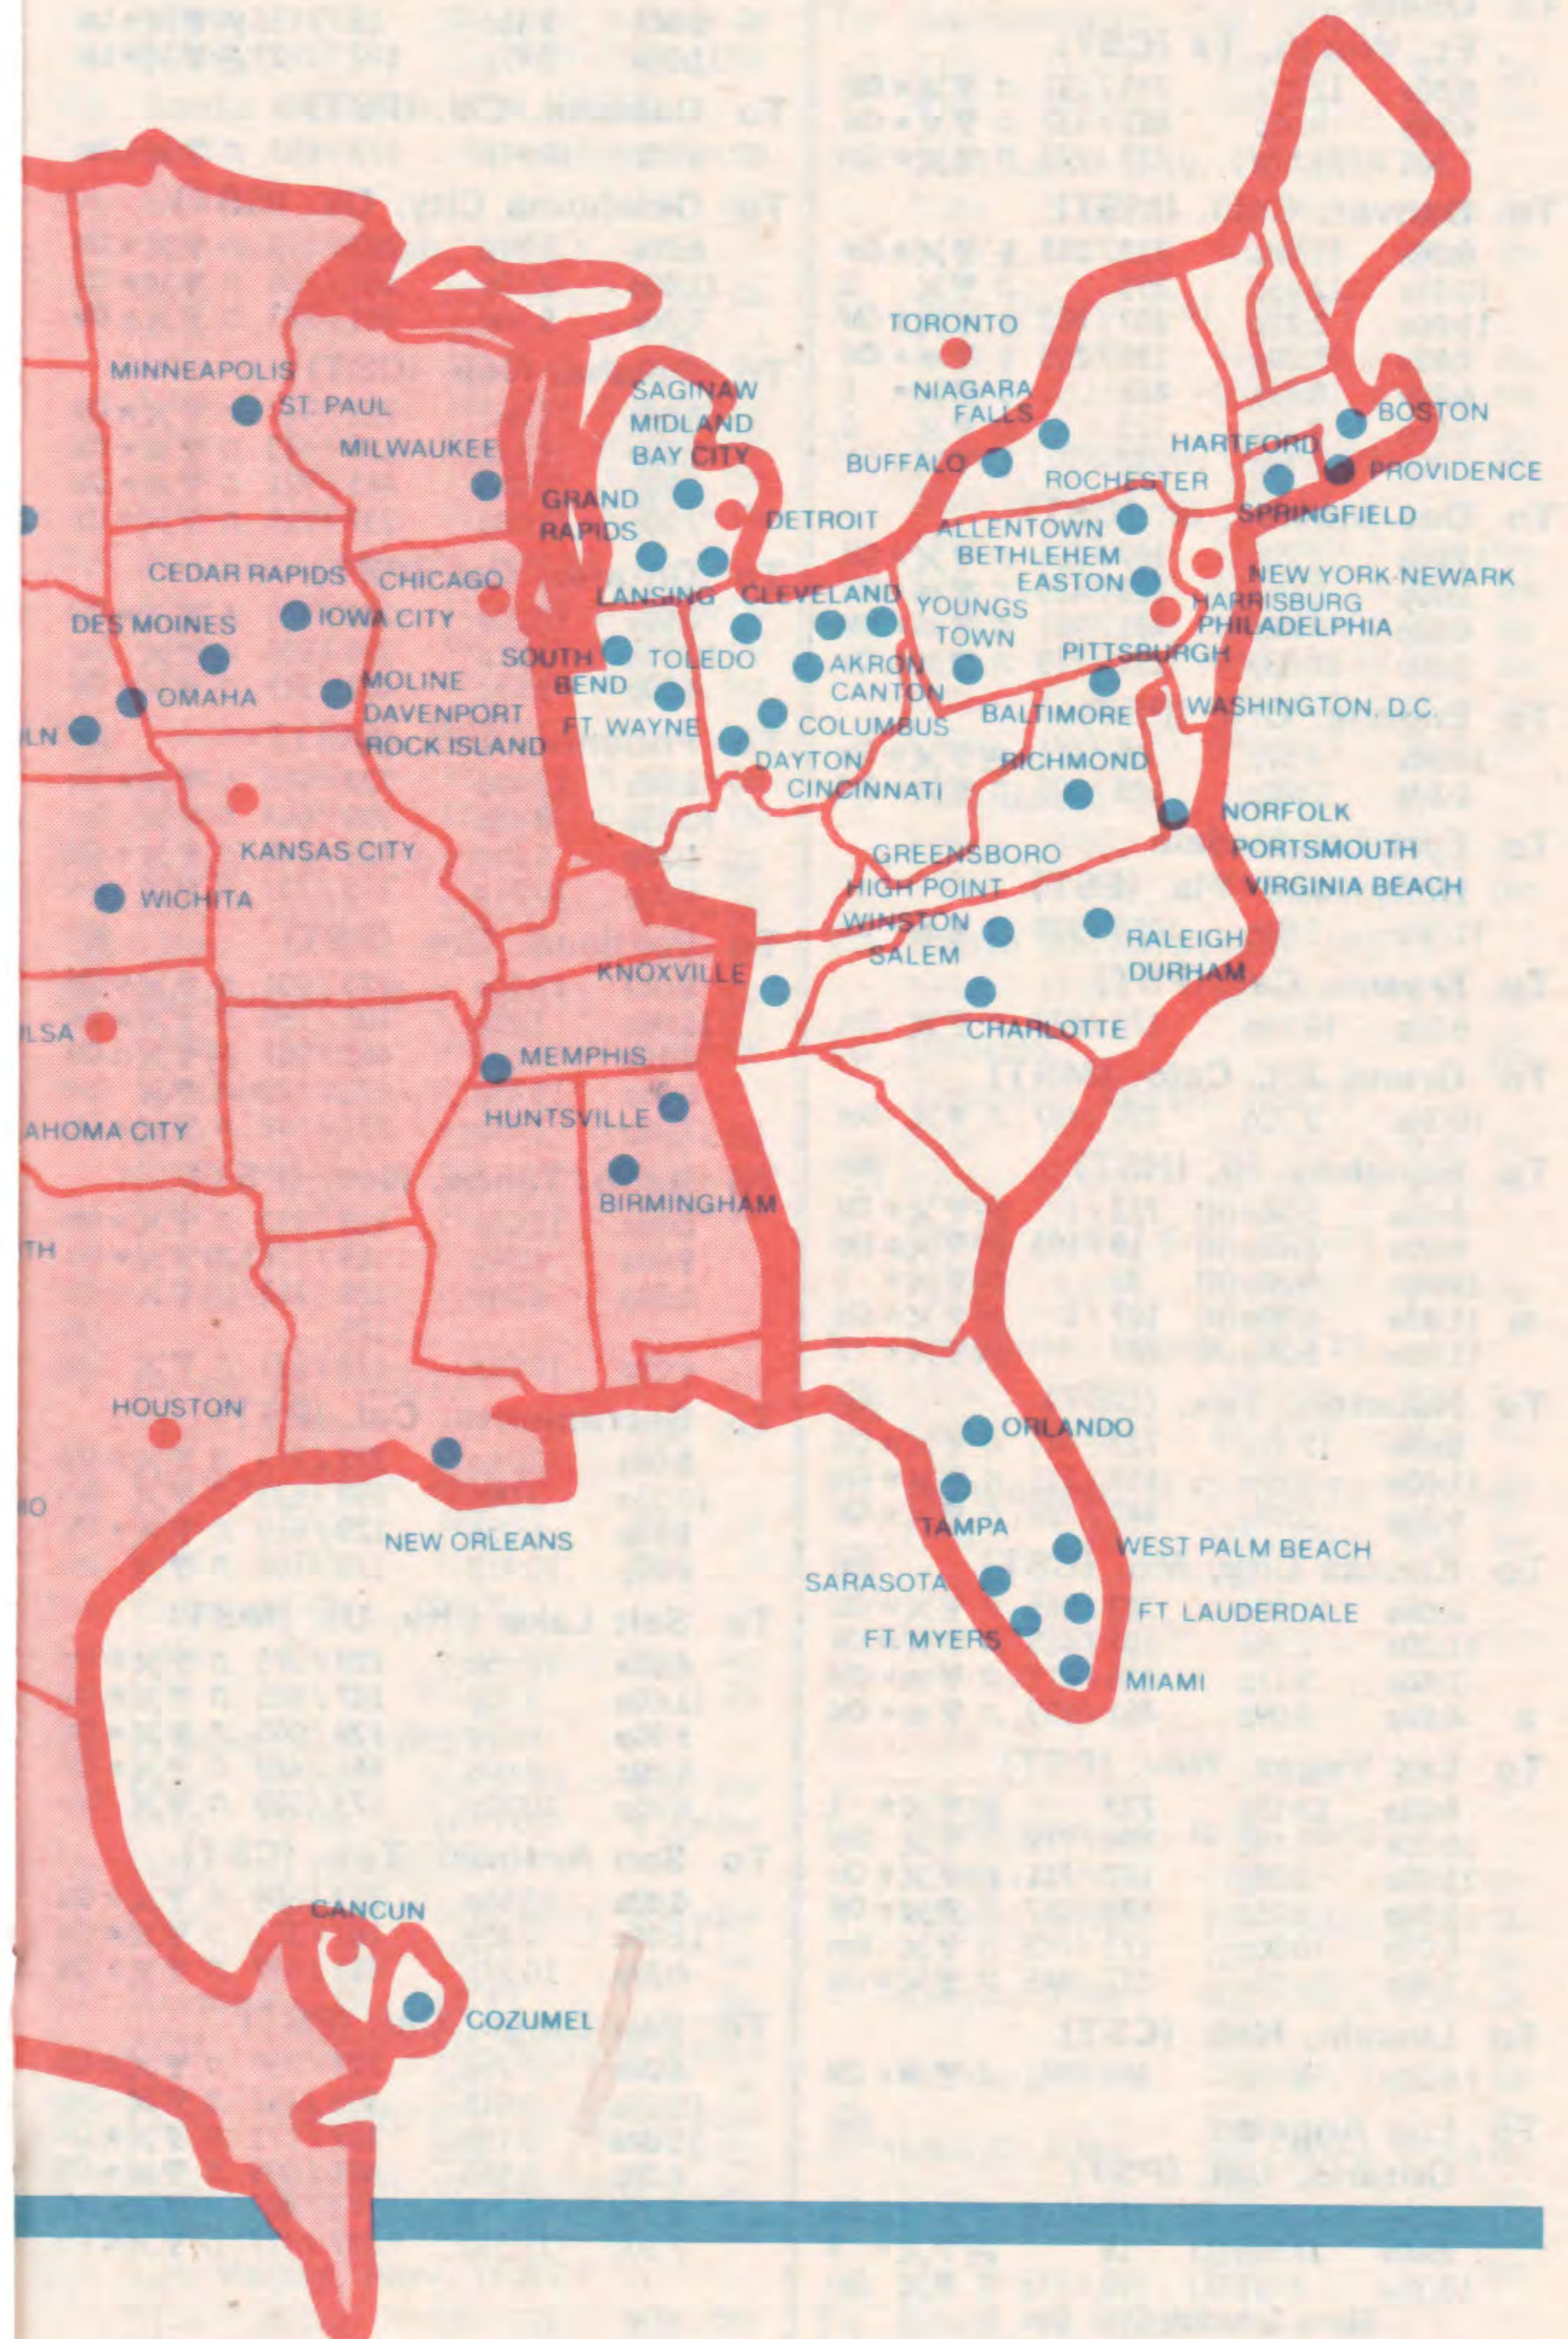

You may wish to remove this functional centerfold and tuck it into your travel portfolio. It could prove to be quite useful the next time you fly the friendly skies to the busiest airport in the world.
