ALMOST ANYTHING GOES!

(BUT NO ROOM FOR ELEPHANTS)

Better try a circus train if you want to ship an elephant. We'd probably have to make an excess baggage charge for his trunk, anyhow. But starting June 1, West Coast Airlines is pleased to announce a new service for the 22 cities that make up the WCA community family.

The majority of these cities will be receiving air freight service with national and international connections for the first time. In the course of completely remodeling and redecorating our fleet of Douglas DC-3's, we're adding a large cargo pit aft. A waist-high door permits simultaneous loading of passengers and freight . . . same fast schedules . . . no delay.

No room for elephants, it's true. But there'll be room for almost everything produced or needed in the Northwest . . . key machinery repair parts and tools, latest fashion goods, cut flowers and bulbs, fruits, turkey eggs and poults, baby chicks and eggs, mushrooms, etc.

Idle inventories cost money in commerce . . . and whether you are a consumer or producer you'll find air freight with worldwide connections at your airport will help business in your community. And what helps business helps you. You'll find West Coast fast air freight is
